

**Advance Practice Nurse
Consent to Treatment**

The DeWitt Clinic has on staff an advance practice nurse to assist in the delivery of medical care.

An advance practice nurse is not a doctor but is licensed to provide medical care. An advance practice nurse is a registered nurse who has received advanced education and training in the provision of health care. An advance practice nurse can diagnose, treat and monitor common acute and chronic diseases as well as provide health maintenance care as permitted by law. In addition, the advance practice nurse may treat minor lacerations and other minor injuries.

I have read the above and hereby consent to the services of an advance practice nurse for my health care needs.

I understand that at any time I can request to be seen a physician.

**Physician Assistant
Consent to Treatment**

The DeWitt Clinic has on staff a physician assistant to assist in the delivery of medical care.

A physician assistant is not a doctor but is licensed to provide medical care. A physician assistant is a graduate of a certified training program and is licensed by the state board. Under the supervision of a physician, a physician assistant can diagnose, treat and monitor common acute and chronic diseases as well as provide health maintenance care.

“Supervision” does not require the constant physical presence of the supervising physician but rather overseeing the activities of and accepting responsibility for the medical services provided.

A physician assistant may provide such medical services that are within his/her education, training and experience.

I have read the above and hereby consent to the services of a physician assistant for my health care needs.

I understand that at any time I can request to be seen a physician.
